

#### **TCW FOAM & RINSE TDS & APPLICATION GUIDE**

Foam & Rinse is a ceramic infused, foaming lance applied protective coating. The state-of-the-art technology means it is quick and easy to produce hydrophobic protection lasting from 3-6 months. The product has been specifically formulated to use with a foam lance & pressure washer. It provides a thick layer of foam making it safer to use than a traditional spray and rinse sealant by reducing the risk of marking the paintwork in warmer weather.

#### **MAIN FEATURES**

- Simple Foam On Rinse Off Application
- High Shine
- Fast & Easy Hydrophobic Protection
- Great Fragrance

#### **APPLICATION & USE**

Dilute 1 part product to 4 parts water in a foam lance bottle for example 200ml Foam & Rinse with 800ml of water. Apply to a clean vehicle and rinse off immediately after. Dry with a drying towel, removing all residue. Clean windscreen and wipers with a glass cleaner. It is recommended this product is not applied to matte, wrap & PPF surfaces or windscreens. Do not allow the product to dry onto any surface.
