

TCW PREP FLUID TDS & APPLICATION GUIDE

PROPERTIES / PRODUCT DESCRIPTION

Prep Fluid is a carefully formulated anti-static, anti-silicone degreaser which provides a powerful, degreasing action that avoids any attack on existing paint films. The use of TCW Prep Fluid is vital before undertaking any coating operation in order to remove contaminants such as wax, grease or silicones.

MAIN FEATURES

- Simple Application
- Water Based
- Economical

APPLICATION & USE

For best results apply generously to the area to be coated using a clean microfibre cloth. While the panel remains wet, wipe with a clean dry cloth until the degreaser has been completely removed.

AVAILABLE SIZES

500ml
1 litre
5 litres
